RE: Numbering for Internet Based Relay Services

Dear Chairman Koutsky:

Adam Newman
INC Chair
anewman@telcordia.com

Robin Smith
INC Vice Chair
Robin.a.smith@verizon.com

Jean-Paul Emard
INC Director
+1 202-434-8824
jpemard@atis.org

The Alliance for Telecommunications Industry Solutions' (ATIS) Industry Numbering Committee (INC) submits the attached report "Numbering for Internet Based Relay Services (ATIS-0300093)" in fulfillment of the action item referred to the INC by the NANC on January 4, 2006.

I would like to note that the members of the VoIP Subcommittee invested approximately 3,300 member/staff hours in 48 meetings in the development of this report. This does not include the extensive hours of ATIS Administrative staff and individual members' time spent writing and revising contributions and other documents outside the meetings.

The INC anticipates presenting the report at the next NANC meeting. If you have any questions with regard to this report in the interim, please contact me.

Sincerely,

*Standards that
Drive the Business of
Communications*

Adam Newman
INC Chair
(732) 699-6425
